TOPIC OF DISCUSSION FOR THE CCPS GENERAL MEETING.

The topic of discussion for the CCPS General Meeting should be a heated one, on the need to file a monument records for any control point that may be destroyed by construction. Property corners, range points what needs to be reset or have a monument record sent to the state.

New Location for General Meeting

Please join us at the August General Meeting. It will be at the Table Mountain Inn, 1310 Washington Ave. Golden, CO, next to Foss Drug in downtown Golden. Remember the General membership meetings are now held in January, March, May, August, & October, on the fourth Thursday of the month.

GPS USER GROUP MEETING.

The next GPS Users Group meeting will be Thursday August 24th 2006 from 1:00 to 3:00 PM at ESRI Denver, One International Court, Broomfield Co. If you have any questions please contact Pamela Fromhertz. [Pamela.Fromhertz@noaa.gov] (303) 758-9197

CCPS WEBSITE FOR EMPLOYMENT.

In an effort to limit repetition and support a single, comprehensive site to look for employment, CCPS is phasing out the employment link on our website. Please go to the PLSC site at <http://www.plsc.net>. To review employment opportunities.

McCOMBER MENTORING FIELD TRIP

On August 5, 2006 a mentoring field trip was held on Mt. Cross which is 4 miles northwest of Alma, Colorado. Six mentorees were shown several original stone monuments of section, quarter section and mineral survey corners. In addition, the mentorees were treated to several examples of bearing trees and bearing rocks. Despite the threatening weather, everyone had a great time.

BILL McCOMBER MENTORING PROGRAM FALL 2006 Denver Schedule.

The McComber Mentoring Program will resume with six sessions scheduled for the Fall. The scheduled times will be every other Wednesday at 6:00 PM starting on August 30, 2006 and ending on November 8, 2006. The courses will include the following topics: Horizontal Curves, Vertical Curves, Example Problems with Horizontal and Vertical Curves, Basics of Error Propagation, Introduction to Survey Adjustments, and Weighing Evidence and the Geometry of Title.

The first three classes will be on horizontal curves, vertical curves and solving general curve problems. Further information regarding class content, speakers and where the classes will be held will be posted on the CCPS web site at <http://www.colorado-surveyors.org> and the PLSC web site at <http://www.plsc.net>. If you wish to be added to the email distribution list for the Denver mentoring sessions, please contact Gene Kooper at ekooper@uswest.net.
